## Conflict Minerals Declaration 2019

January 2, 2019

RE: Conflict Minerals Declaration for Dodd-Frank Wall Street Reform & Consumer Protection Act, Section 1502, of July 21, 2010.

The Dodd-Frank Wall Street Reform and Consumer Protection Act was signed into U.S. Federal law on July 21, 2010. Section 1502 of the act defines reporting obligations for publically traded organizations that make products with or containing certain conflict minerals sourced from the covered countries in the proximity of the DRC.

Metric & Multistandard is not a publicly traded organization or a manufacturer and claims a “Retailer Exemption.” Furthermore the products we sell do not contain conflict minerals as controlled elements.

To assist our customers in their potential reporting requirements we have a memorandum of understanding with our vendors that **we will not accept conflict materials from the covered countries** and are therefore considered conflict free.

Regards,  
Metric & Multistandard Components Corp.
